# Sight Word Flashcards

## Kindergarten Builder Set

50 cards • five color bands of ten • ages 4–5

Bright Play Days • brightplaydays.com

### How to print and use these cards

Print at “Actual size” (100%) on white cardstock — never “fit to page” — so every card matches the cut guides. Color ink makes the bands pop, but grayscale works too: each card prints its band name along the bottom edge. Cut along the dashed guide lines, then snip the corners slightly round. Play with one band at a time: ten cards is a small, winnable pile. When your child reads about eight of the ten instantly, clip that band into the “known” pile and bring out the next one.

### What’s inside — color bands
