Page 1 — Fruit by Color

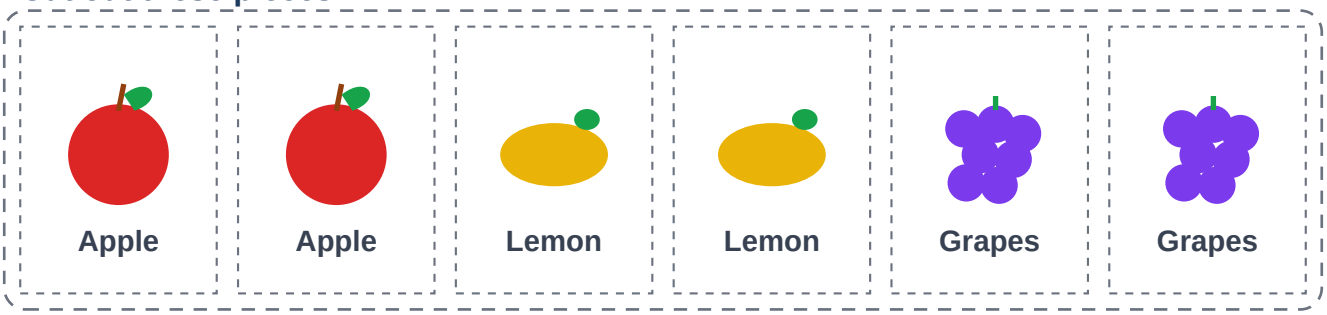

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

Sort each fruit into the basket that matches its color. Sort first, glue last!

Red basket	Yellow basket	Purple basket
Glue the red fruit here	Glue the yellow fruit here	Glue the purple fruit here

Cut out these pieces:

Grown-up tip: name each fruit and its color before you cut — "This apple is red!"

Page 2 — Balls by Size

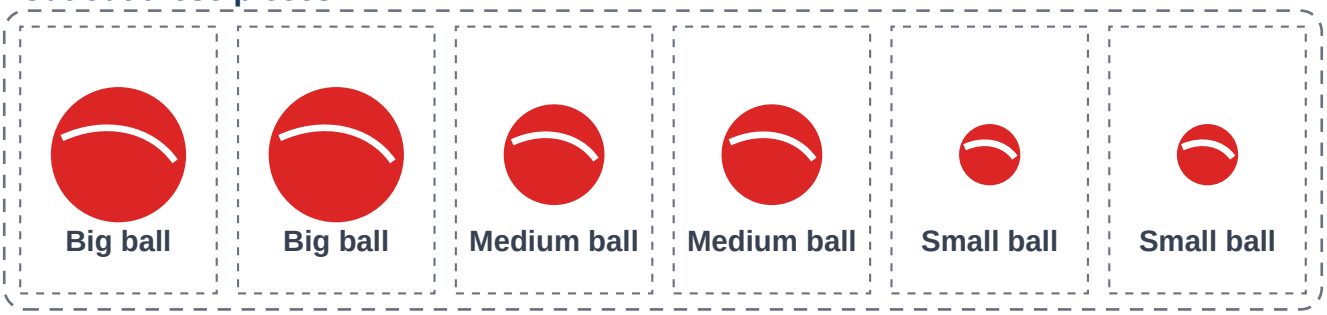

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

Sort the balls by size: big balls, medium balls, and small balls each get a toy box.

Big balls	Medium balls	Small balls
Glue the big balls here	Glue the medium balls here	Glue the small balls here

Cut out these pieces:

Grown-up tip: hold two balls side by side and ask, "Which one is bigger?"

Page 3 — Objects by Shape

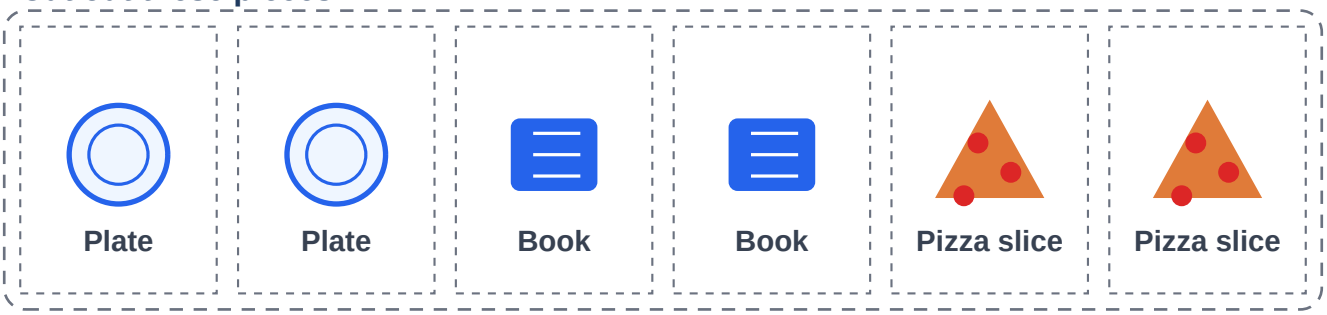

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

Sort each object by its shape: circles, squares, and triangles each get a box.

Circle box	Square box	Triangle box
Glue the round things here	Glue the square things here	Glue the triangle things here

Cut out these pieces:

Grown-up tip: trace the shape in the air with your finger — "Round and round, no corners!"

Page 4 — Animals by Home

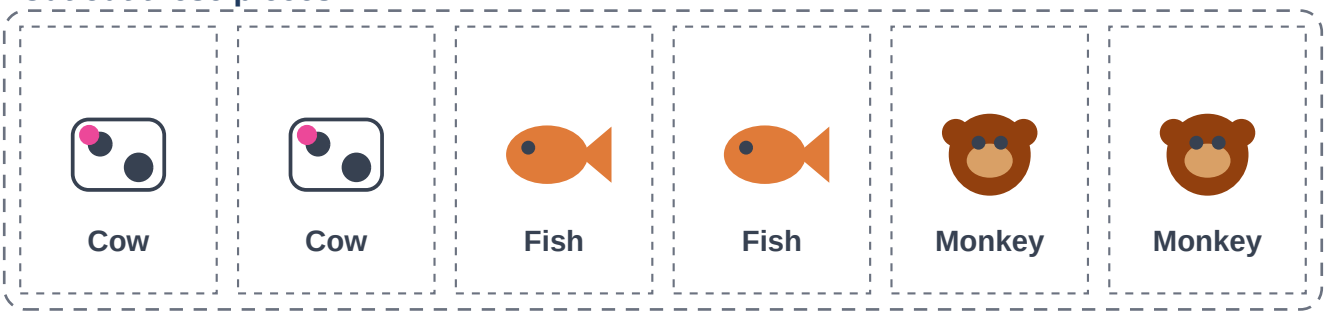

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

Sort each animal into the home where it lives: farm, ocean, or jungle.

Farm	Ocean	Jungle
Glue the farm animals here	Glue the ocean animals here	Glue the jungle animals here

Cut out these pieces:

Grown-up tip: ask before you glue — "Where does a fish live? What does a monkey climb?"

Page 5 — Fly vs. Roll

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

Some things fly through the air, some things roll along the ground. Sort them!

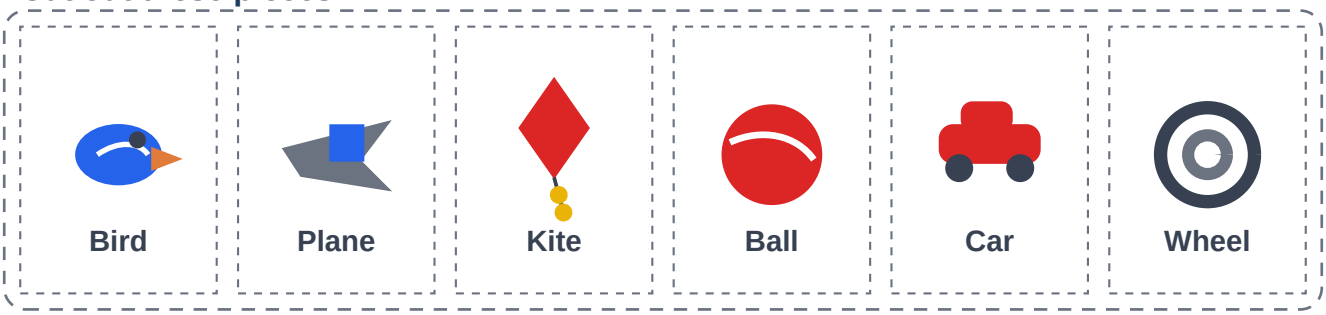

Things that FLY

Glue the flying things here

Things that ROLL

Glue the rolling things here

Cut out these pieces:

Grown-up tip: flap your arms for fly, roll your hands for roll — then sort!

Page 6 — Odd One Out

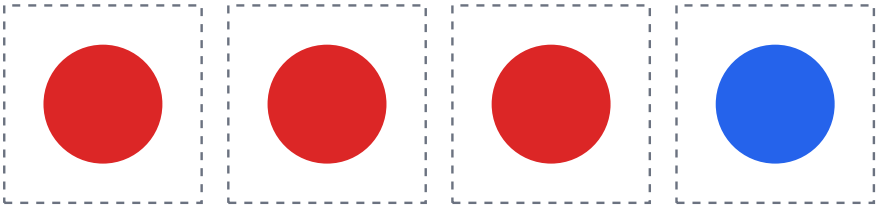

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

In each row, three pictures match and one does not. Circle the odd one out!

Row 1 — same shape, different color

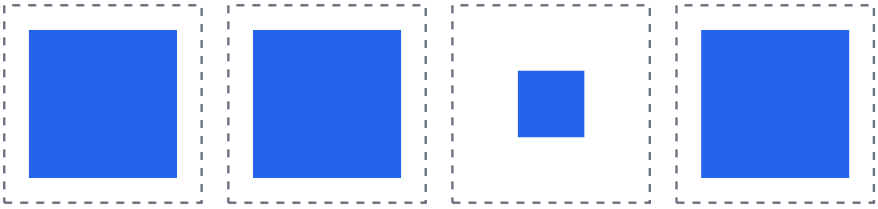

Circle the odd one out, then tell a grown-up why it is different.

Why is it odd? _____

Row 2 — same shape and color, different size

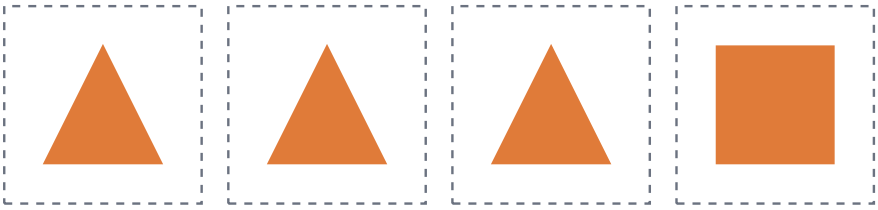

Circle the odd one out, then tell a grown-up why it is different.

Why is it odd? _____

Row 3 — same color, different shape

Circle the odd one out, then tell a grown-up why it is different.

Why is it odd? _____

Grown-up tip: there is no trick — if your child can explain their pick, it counts!

Page 7 — Make Your Own Sort

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

Invent your own sorting rule! Sort the pieces any way you like, then glue them in.

My sorting rule is: _____

My group 1

Glue your first group here

My group 2

Glue your second group here

Cut out these pieces:

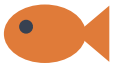

Apple

Ball

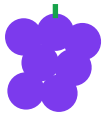

Book

Fish

Kite

Grapes

Grown-up tip: any rule counts — color, size, shape, "things I like" — if your child can say it.

Page 8 — Round-Up

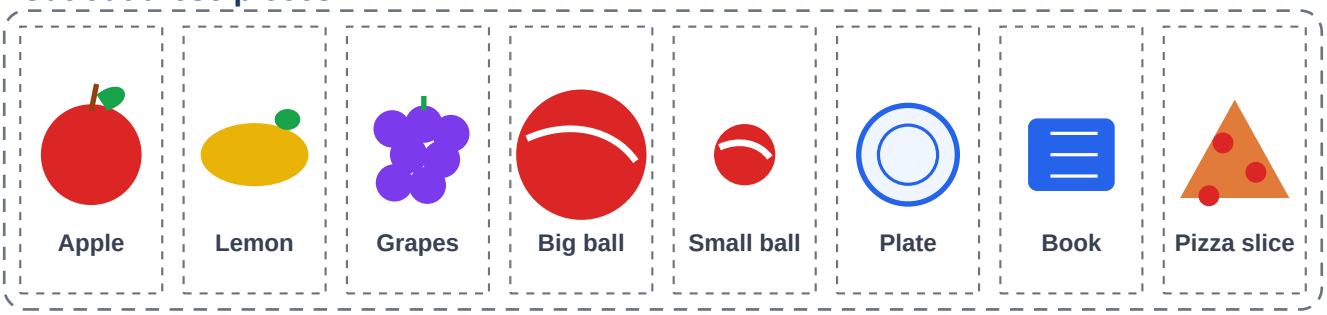

Sorting Worksheets for Kindergarten: cut out the pieces, sort them, then glue.

Name: _____ Date: _____

A mixed bank from pages 1–3! Choose one box, sort all 8 pieces by that rule, then glue.

Sort by COLOR	Sort by SIZE	Sort by SHAPE
Glue the pieces here	Glue the pieces here	Glue the pieces here

Cut out these pieces:

Grown-up tip: try it three times — once for color, once for size, once for shape. Print a fresh page each time!
